Beautiful Lac Seul, in the middle of Canada's vast virgin wilderness, yields big catches of Northern and Walleyes. Lac Seul is noted for big lunkers. Competent guides and first rate equipment are available from our camp to help make the dream of a record catch come true. Our 17' Lund Outfitters with 40hp 4 stroke electric start engines are equipped with fish finders. Variety, quality and quantity combine to make a fishing trip to Goose Bay Camp a vacation without equal. For a remote experience, our boat-in outpost on Nungesser Lake provides a comfortable facility with high quality Walleye and Northern fishing.

Beaches & Wildlife

Fish the main Base on Lac Seul

Our landscaped grounds and cabins are clean and well maintained. Inside, you will find the cottages to be modern with full equipment for light housekeeping, including dishes, linens, hydro electricity, fridges, electric ranges, microwaves, running water, flush toilets, private showers or bath tubs.

Nungesser Lake Outpost

The boat-in outpost consists of 4 completely equipped cabins, a fish house and an ice house, solar powered freezer and shower house. Motors and minnows packed in oxygen are picked up at the main camp; boats and ice are at the outpost. For tremendously good fishing try Nungesser Lake. Catch them off the dock or right in the bay where your cabin is located.

Hunting

Goose Bay Camp is situated in the heart of the finest moose, bear and bird hunting in Ontario – hunting that begins just outside the camp. Five different moose hunting packages are offered to suit your level of service and budget. Hunt bear on the second largest Bear Management Area in Northwestern Ontario, where our overall success averages 95%. Hunt ruffed grouse, or ducks on a small game licence. For an outfitter and guides that produce, come to Goose Bay Camp.

Lac Seul has numerous white sand beaches, deserted, and pristine, as well as infinite natural shore lunch sites. As a result of the 1989 introduction of the 18"-21" slot size on walleye, the fishery has evolved into a world-class trophy lake with abundant fish in all age classes. Lunker northern pike abound in the many shallow bays and inlets. In July and August there are abundant blueberries and raspberries and striking photography opportunities abound all season.
